

## **Prof. Alan Ivković, MD, PHD**

Prof. Ivković is a consultant orthopedic surgeon and the vice chair of the Dpt. of Orthopaedic Surgery at the University Hospital “Sveti Duh” in Zagreb. He also has academic affiliation with School of Medicine University of Zagreb and with University for Applied Health Sciences in Zagreb. He authored numerous scientific articles published in peer-reviewed journals, as well as numerous chapters in books and encyclopedias. As an International Fulbright Fellow he spent the academic year 2007/2008 in the Center for Molecular Orthopaedics at Harvard University in Boston, USA. He is also a graduate of the Harvard Medical School Surgical Leadership Program. His professional focus is adult lower extremity reconstructive surgery (including joint replacement and soft tissue surgery), as well as bone and cartilage tissue engineering. He is a team leader of the Croatian partner in the international consortium within EU FP7 project BIO-COMET and HORIZON 2020 projects BIO-CHIP, ENCANTO and LUMINATE. He is a board member of the ESSKA-EKA (European Society for Sports Medicine, Knee Surgery and Arthroscopy-European Knee Associates) and associate member of the Croatian Academy of Arts and Sciences. As an official physician of the Croatian Water Polo Federation, he participated in 2012 London Olympic Games (gold medalist), European Championships in Zagreb 2010 (gold medalist) and World Championships in Melbourne 2007 (gold medalist).
