

Instructions for preparing lectures and making posters

Oral presentation

Duration of oral presentations is limited to a maximum of 12 minutes + 3 minutes for the discussion. Chairmen will be additionally instructed to take care of the timing to ensure the time schedule functions and enable switching between the sessions. A PC with MS PowerPoint and an LCD projector will be available for your presentation. For all other requirements, please contact the technical staff of the Croatian Biological Society in advance. Exceptionally, the Scientific Board will estimate and suggest a 30-minute duration for some oral presentations.

Instructions for Poster Preparation

All posters will be displayed for the whole duration of the Congress. We can not guarantee the Posters left on the boards after Congress. Each poster will be assigned a display board (90 cm wide and 150 cm high). The suggested poster size is 120x80 cm. Presenters are asked to attend their posters during the poster exhibition and discussion times that will be included in the final Program of the Congress.

INVITATION TO SUBMIT ORIGINAL RESEARCH OR PROFESSIONAL ARTICLES

The Croatian Biological Society cordially invites all interested authors to prepare papers for publication in one of the Croatian scientific journals:

Acta Adriatica
Acta Botanica Croatica
Arhiv za higijenu rada i toksikologiju
Croatian Journal of Fisheries
Food Technology and Biotechnology
HYLA – herpetological bulletin
Periodicum Biologorum
Natura Croatica
Entomologia Croatica

We expect several other journals to express interest as well, of which we will timely inform the participants of the Congress. The Editorial Boards of the above-mentioned journals will receive and process the manuscripts according to their editorial policies, and those that meet the criteria of the journal and successfully go through the peer-review process will be published with the indication that they were either partially or fully presented at the 12th Croatian Biological Congress.
